

EDUCATIONAL VIDEOS MADE DIFFERENTLY: BEHIND THE SCENES OF RESPECTFUL RELATIONSHIPS RELEASE

Melbourne, AUSTRALIA 16th February, 2018 - ClickView are excited to announce the release of their new educational series for schools ***Behind the Scenes of Respectful Relationships***, written by Aunty Donna comedian and performer Mark Bonanno. In alignment with the National Plan to Reduce Violence Against Women and Their Children 2010-2022, the series provides teachers with the resources they need to deliver age-appropriate and evidence-based respectful relationships education.

The series was produced by [ClickView](#), the local Australian producer of educational videos for schools and higher education. As one of the world's leading educational producers, and based in Melbourne, ClickView is committed to helping teachers with the most difficult topics.

Following on from the *Most Embarrassing Sex Questions in History* series, ClickView worked with some ground-breaking Melbourne-based comedians to produce an inventive yet sensitive look into complex relationship issues. Each episode has been written to align with the Australian Health and Physical Education curriculum for implementation into whole school policies on Building Respectful Relationships.

"It's no mean feat to create educative videos that will appeal to young people, but yet again, ClickView has delivered by using their perfect mix of humour, quirk and sensitivity to tackle the important issues of gender, consent, domestic violence, and sexual harassment", Catherine Manning, Educational Consultant.

The four episodes include:

- Respectful Relationships: Consent
- Respectful Relationships: Gender
- Respectful Relationships: Sexual Harassment
- Respectful Relationships: Domestic Violence

This video series will be available on the ClickView platform for all secondary school subscribers from March 2018. Each episode comes with a resource pack of comprehension questions and extension activities. The first episode is already [available on the ClickView website](#).
